INGREDIENT CODE A - Acclaim Extra, ACTIVE INGREDIENT: fenoxaprop-p-ethyl:(+)-ethyl 2-[4-[(6-chloro-2 benzoxazolyl)oxy] phenoxy]propanoate ....6.59%<sup>1</sup> INERT INGREDIENTS...93.41%, TOTAL...100.00%, KEEP OUT OF REACH OF CHILDREN, CAUTION, EPA Reg. No. 432-950, IN CASE OF MEDICAL, ENVIRONMENTAL, OR TRANSPORTATION EMERGENCIES OR INJURIES, CALL 1-800-334-7577 (24 HOURS/DAY), FOR PRODUCT INFORMATION, CALL TOLL-FREE: 1-800-331-2867, FIRST AID, IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor, IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice, PRECAUTIONARY STATEMENTS,HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION, Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing, ENVIRONMENTAL HAZARDS, This pesticide is toxic to fish and aquatic invertebrates. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor runoff or drift. Do not contaminate arable land and/or water when disposing of equipment washwaters, DIRECTIONS FOR USE, Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application, NONAGRICULTURAL USE REQUIREMENTS, Keep unprotected persons out of treated areas until sprays have dried. BAYER ENVIRONMENTAL SCIENCE, 2 T. W. Alexander Drive, Research Triangle Park, NC 27709, www.bayerprocentral.com.

INGREDIENT CODE B - BARRICADE 0.375% PLUS FERTILIZER, ACTIVE INGREDIENT: Prodiamine, 0.375%, OTHER INGREDIENTS, 99.625%, EPA REG NO 5905-535. PRECAUTIONARY STATEMENTS/HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: Causes moderate eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for advice. IF INHALED: Move victim to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor immediately for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. ENVIRONMENTAL HAZARDS: This product has low solubility in water. At the limits of solubility, this product is not toxic to fish. However, at concentrations above the level of water solubility, it may be toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent sites. IF MATERIAL IS SPILLED: Contain and sweep up material of spill for disposal or use per label instructions. Wash cleanup equipment to prevent contamination elsewhere. Excess quantities above normal application rates could result in damage to plants subject to spill. Water-in remainder, disc under, cover with layer of soil, or leave exposed to sunlight, as deemed appropriate to the situation. KEEP OUT OF REACH OF CHILDREN: CAUTION: Manufactured by Syngenta. Helena Chemical Company, 225 Schilling Blvd. Collierville, TN 38017

INGREDIENT CODE C - BARRICADE 4FL HERBICIDE, ACTIVE INGREDIENT: Prodiamine, 40.7%, Other Ingredients, 59.3%. EPA REG NO 100-1139, KEEP OUT OF REACH OF CHILDREN: CAUTION: FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious or convulsing person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. HOT LINE NUMBER: For 24 Hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident) call 1-800-888-8372, PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: May be harmful if swallowed, absorbed through skin, or inhaled. Avoid breathing vapor. Avoid contact with skin, eyes, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. ENVIRONMENTAL HAZARDS: This product has low solubility in water. At the limit of solubility, this product is not toxic to fish. However, at concentrations substantially above the level of water solubility, it may be toxic to fish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff

from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not contaminate water when disposing of equipment wash water. Manufactured by Syngenta; Syngenta U.S., P.O Box 8353 Wilmington, DE 19803-8353

INGREDIENT CODE D - DIMENSION 0.10% Plus Fertilizer, ACTIVE INGREDIENT: Dithiopyr, 3,5-pyridinedicarbothioic acid, 2-(difluoromethyl)-4-(2-methylpropyl)-6-(trifluoromethyl)-S,S-dimethylester...0.10%, INERT INGREDIENTS...99.90%, Total...100.00%, KEEP OUT OF REACH OF CHILDREN, CAUTION, FIRST AID, If swallowed: Call a poison control center or doctor immediately for treatment advice, Have person sip a glass of water if able to swallow, Do not induce vomiting unless told to by the poison control center or doctor, Do not give anything by mouth to an unconscious person, If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes, Remove contact lenses, if present, after the first 5 minutes, then continue rinsing, Call a poison control center or doctor for treatment advice, If on skin or clothing: Take off contaminated clothing, Rinse skin immediately with plenty of water for 15-20 minutes, Call a poison control center or doctor for treatment advice, If inhaled: Move person to fresh air, If person is not breathing, call 911 or an ambulance then give artificial respiration, preferably mouth-to-mouth if possible, Call a poison control center or doctor for further treatment advice, HOT LINE NUMBER, Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact Chem-Trec at 1-800-424-9300 for emergency medical treatment information, PRECAUTIONARY STATEMENTS, HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION! CAUSES EYE IRRITATION. HARMFUL IF INHALED. Avoid contact with eyes or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Prolonged or frequently repeated skin contact while handling this material may cause allergic reaction in some individuals, ENVIRONMENTAL HAZARDS, This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites. USE PRECAUTIONS, DO NOT use clippings from treated turf for mulching around vegetables or fruit trees, Keep people and pets off treated areas until dust has settled, EPA REG. NO. 10404-85, LESCO, Inc., 1301 East 9th Street, Cleveland, OH 44114-1849.

INGREDIENT CODE E-DISMISS-Turf Herbicide, EPA -Reg No. 279-3295. ACTIVE INGREDIENT: Sulfentrazone\*...39.6%. Other Ingredients...60.4% KEEP OUT OF REACH OF CHILDREN: CAUTION: First Aid: If Inhaled: Move person to fresh air. If person is not breathing call 911 or an ambulance. Then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice. IF in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. PRECAUTIONARY STATEMENTS: Hazards to Humans (and Domestic Animals) Caution: Causes moderate eye irritation. Harmful if inhaled, swallowed, or absorbed through skin. Avoid breathing vapor or spray mist. Avoid contact with skin, eyes or clothing. Environmental Hazards: This pesticide is toxic to marine/estuarine invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to terrestrial and aquatic plants in neighboring areas. Do not contaminate water when disposing of equipment washwaters or rinsate. DIRECTIONS FOR USE: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency

responsible for pesticide regulation. NON-AGRICULTURAL USE REQUIREMENTS: Re-entry Statement: Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment area until spray has dried. FMC Corporation; Agricultural Products Group, 1735 Market Street, Philadelphia, PA 19103

INGREDIENT CODE F – IMPRELIS HERBICIDE; Active Ingredient: Potassium salt of aminocyclopyrachlor: 6-amino-5 chloro-2-cyclopropyl-4-pyrimidinecarboxylic acid\*...25% Other Ingredients. . .75%.EPA-Reg. No. 352-793; KEEP OUT OF REACH OF CHILDREN: CAUTION-Precautionary Statements-Hazards to Humans and Domestic Animals, causes moderate eye irritation. Avoid contact with eyes or clothing. FIRST AID: IF IN EYES: Hold Eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-441-3637 for emergency medical treatment information. ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. DIRECTIONS FOR USE: DuPont™ IMPRELIS herbicide must be used only in accordance with directions on this label or in separate DuPont supplemental labeling that may be made temporarily available through local distributors, as a result of new EPA approvals. DuPont will not be responsible for losses or damages resulting from the use of this product in any manner not specifically stated on this label or other labels or bulletins published by DuPont. User assumes all risks associated with such non-specified use. NON-AGRICULTURAL USE REQUIREMENTS: Do not allow other workers to enter the treated area while application is in progress. Keep pets and unprotected persons out of treated areas until sprays have dried. E. I. du Pont de Nemours and Company, 1007 Market Street, Wilmington, Delaware 19898.

INGREDIENT CODE G - POWER ZONE BROADLEAF HERBICIDE FOR TURF, ACTIVE INGREDIENTS: Carfentrazone-ethyl, 0.48%, MCPA, 2-ethylhexyl ester, 41.98%, Mecroprop-p acid, 5.39%, Dicamba acid, 2.69%, INERT INGREDIENTS, 49.46%. EPA REG NO 2217-834. KEEP OUT OF REACH OF CHILDREN: CAUTION: PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION: Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. PERSONAL HYGIENE STATEMENT FOR NON-WPS USES: Wash thoroughly with soap and water after handling. USER SAFETY INFORMATION: USERS SHOULD: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice., Have the product container or label with you when calling a poison control center or doctor or going for treatment., NOTE TO PHYSICIAN: Contains petroleum distillate – vomiting may cause aspiration pneumonia. ENVIRONMENTAL HAZARDS: Carfentrazone-ethyl is very toxic to algae and moderately toxic to fish. This product is toxic to

aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Manufactured by PBI/Gordon Corporation., 1217 W 12<sup>th</sup> Street, Kansas City, MO 64101

**INGREDIENT CODE H - Q4-PLUS TURF HERBICIDE FOR GRASSY & BROADLEAF WEEDS, ACTIVE INGREDIENTS:** This product contains: 0.75lb. 3,7-dichloro-8-quinolinecarboxylic acid per gallon or 8.43%. 0.06lb. N-[2,4-dichloro-5-[4-(difluoromethyl)-4,5-dihydro-3-methyl-5-oxo-1H-1,2,4-triazol-1-yl] phenyl]methanesulfonamide per gallon or 0.69%. 0.88lb. 2,4-dichlorophenoxyacetic acid equivalent per gallon or 9.81%. 0.10 lb. 3,6-dichloro-o-anisic acid equivalent per gallon or 1.24%. **KEEP OUT OF REACH OF CHILDREN, CAUTION: PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS & DOMESTIC ANIMALS: CAUTION:** Causes moderate eye injury. Avoid contact with eyes or clothing, Harmful if swallowed. **FIRST AID: IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment information. **ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. **DIRECTIONS FOR USE:** Do not apply this product in a way that will contact workers or other persons, either directly or through intertidal drift. Only protected handlers may be in the area during application. **Non-Agricultural Use Requirements:** Re-entry Statement: Do not enter or allow people (or pets) to enter the treated area until sprays have dried. If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. Note to Physician: No specific antidote is available. Treat the patient symptomatically. ENVIRONMENTAL HAZARDS, This product is highly toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. This chemical demonstrates the properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. DIRECTIONS FOR USE, Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. RESTRICTIONS, Avoid runoff or puddling of irrigation water following application, LESCO, Inc., 1301 East 9th Street, Cleveland, OH 44114-1849.

INGREDIENT CODE U -LESCO MERIT 2F-INSECTICIDE, Active ingredient: \*Imidacloprid, 1[(6-Chloro-3-pyridinyl)methyl]-N-nitro-2-imidazolidinimine...21.4% ...other ingredients...78.6%... Total...100.0% EPA Reg. No. 432-1312. KEEP OUT OF REACH OF CHILDREN: CAUTION-For MEDICAL and TRANSPORTATION Emergencies ONLY Call 24 Hours a Day 1-800-334-7577. For PRODUCT USE information Call 1-800-331-2867. First Aid: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center for further advice. Have a product container or label with you when calling a poison control center or doctor, or going for treatment. Note to Physician: No specific antidote is available. Treat the patient symptomatically. PRECAUTIONARY STATEMENTS; HAZARDS TO HUMANS AND DOMESTIC ANIMALS-Harmful if swallowed, absorbed through skin or if inhaled. Avoid contact with skin, eyes or clothing. Avoid breathing spray mist. ENVIRONMENTAL HAZARDS: This product is highly toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. This product is high toxic to bees exposed direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees are visiting the treatment area. This chemical demonstrates the properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. DIRECTIONS FOR USE: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. NON-AGRICULTURAL USE REQUIREMENTS: Keep children and pets off treated areas until dry. RESTRICTIONS: Do not graze treated areas or use clippings from treated areas for feed or forage. Avoid runoff or puddling of irrigation water

following application. BAYER ENVIRONMENTAL SCIENCE, P.O. Box 12014, Research Triangle Park, NC 27709, [www.backedbybayer.com](http://www.backedbybayer.com)

**INGREDIENT CODE V- T-ZONE-Broadleaf Herbicide for Tough Weeds:** This product contains: 0.50 lb. 3,5, 6-trichloro-2-pyridinyloxyacetic acid per gallon or 6.04%. 0.06lb. N-[2,4-dichloro-5-[4-difluoromethyl]-4,5-dihydro-3-methyl-5-oxo-1H-1,2,4-triazol-1-yl]phenyl]methanesulfonamide per gallon or 0.73%. 1.75lbs. 2,4-dichlorophenoxyacetic acid equivalent per gallon or 21.18%. 0.20 lb. 3,6-dichloro-o-anisic acid equivalent per gallon or 2.43%. **KEEP OUT OF REACH OF CHILDREN; CAUTION:** Hazards to Human and Domestic Animals: Caution-Causes Moderate eye irritation. Avoid contact with eyes, skin or clothing. Harmful if swallowed. **First Aid:** **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. **If swallowed:** Immediately call a poison control center or doctor for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to unconscious person. **If on skin or clothing:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **Inhaled:** Move person to fresh air. If person is not breathing call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical information. **Environmental Hazards:** This pesticide may be toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. **Directions for Use:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation. **Non-Agricultural Use Requirements:** Re-entry statement: Do not enter or allow people (or pets) to enter the treated area until sprays have dried. EPA-Reg No. 2217-920. Manufactured by: PBI GORDON CORPORATION: 1217 West 12<sup>th</sup> Street, Kansas City, Missouri 64101, [www.pbigordon.com](http://www.pbigordon.com)

**INGREDIENT CODE W- CrossCheck Plus Insecticide, Active Ingredient: Bifenthrin, EPA Reg. No. 279-3206-10404, KEEP OUT OF REACH OF CHILDREN, CAUTION, FIRST AID, IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **HOTLINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact FMC Corporation for human health and animal health, (800) 331-3148. **NOTE TO PHYSICIAN:** This product is a pyrethroid. If large amounts have been ingested, the stomach and intestine should be evacuated. Treatment is symptomatic and supportive. Digestible fats, oils, or alcohol may increase absorption and so should be avoided. **PRECAUTIONARY STATEMENTS, HAZARDS TO HUMANS (AND DOMESTIC ANIMALS), CAUTION:** Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with skin, eyes or clothing. Avoid

breathing spray mist. ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas. This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow to drift to blooming crops if bees are visiting the treatment area. **DO NOT ALLOW PEOPLE OR PETS ON TREATED SURFACES UNTIL THE SPRAY HAS DRIED.** Manufactured by Lesco, Inc. 0905. LESCO, Inc 1301 East 9<sup>th</sup> Street, Cleveland OH 4414-1849

INGREDIENT CODE X - ARMADA 50 WP, ACTIVE INGREDIENTS: Trifloxystrobin (CAS No. 141517-21-7), 8.33%, Triadimefon (CAS No. 43121-43-3), 41.67%, OTHER INGREDIENTS, 50.0%. EPA REG. NO. 432-1412. **KEEP OUT OF REACH OF CHILDREN; CAUTION: PRECAUTIONARY STATEMENTS, HAZARDS TO HUMANS AND DOMESTIC ANIMALS: CAUTION:** Causes moderate eye irritation. Harmful if swallowed, inhaled, or absorbed through the skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid breathing dust or spray mist. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. **FIRST AID: IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. In case of emergency call toll free the Bayer Kansas City Emergency Response Telephone No. 1-800-414-0244. Have a product container or label with you when calling a poison control center or doctor, or going for treatment. **NOTE TO PHYSICIAN:** If ingested, induce emesis or lavage stomach. Treat symptomatically. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. **GROUND WATER ADVISORY:** The active ingredients in this product have properties and characteristics associated with chemicals detected in ground water. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow may result in ground water contamination. Manufactured by Bayer. Bayer Environmental Science, 2 T.W. Alexander Drive, Research Triangle Park, NC 27709

INGREDIENT CODE Y - BANNER MAXX II- Active Ingredients: Propiconazole\*...14.3%, Other Ingredients...85.7%, Banner MAXX II contains a nominal 1.3 pounds of active ingredient per gallon. EPA Reg. No. 100-1326. **KEEP OUT OF REACH OF CHILDREN; CAUTION:** First Aid: **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to unconscious person. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **HOT LINE NUMBER:** 1-800-888-8372. Hazards to Humans and Domestic Animals. Environmental Hazards: This pesticide is toxic to fish. Do not apply directly to water, or areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Non-Agricultural

Use Requirements: Do not enter treated areas without protective clothing until sprays have dried. Manufactured for: Syngenta Crop Protection, Inc. P.O. Box 18300, Greensboro, North Carolina 27419-8300.

**CONSUMER INFORMATION  
REGARDING TREE, SHRUB AND LAWN CARE  
PESTICIDE APPLICATIONS**

The use of pesticides is regulated by the Maryland Department of Agriculture. All commercial pesticide businesses and public agencies that apply pesticides must satisfy certain requirements of the Regulations pertaining to the Pesticide Applicators Law. Some of those requirements are discussed below.

This consumer information sheet answers commonly asked questions about applications of pesticides for tree, shrub and lawn pest control.

**1. WHAT ARE PESTICIDES?**

A pesticide is any substance used to control pests. The pests may include insects (controlled by insecticides), weeds (controlled by herbicides), and fungi (controlled by fungicides).

**2. IS A LICENSE REQUIRED TO APPLY PESTICIDES?**

Yes. Each firm that applies any pesticide for hire is required to obtain a pesticide business license from the Maryland Department of Agriculture. A license is obtained by completing an application, paying a fee, submitting proof of liability insurance and employing at least one certified pesticide applicator who has demonstrated competence in the use of pesticides.

**3. CAN I BE NOTIFIED BY THE FIRM PRIOR TO A PESTICIDE APPLICATION TO MY PROPERTY?**

Yes. Upon the customer's request, the pest control firm is required to give the customer advance notice of a pesticide application. In addition, individuals who have registered with the Maryland Department of Agriculture as a pesticide sensitive individual, or a person who submits a physician's certificate indicating that he or she should not be exposed to a pesticide because of a current diagnosed condition or ailment, may receive advance notice of tree and lawn pesticide applications to neighboring properties.

**4. MUST A SIGN BE POSTED ON MY PROPERTY?**

Yes. After a pesticide has been applied to a lawn or to exterior landscape plants, the pest control firm must post a standardized sign at one or more specific locations on the property. The customer is requested to keep the sign in place for 48 hours after the application. Signs are not required for fertilizer applications.

5. WHAT INFORMATION ABOUT THE PESTICIDES APPLIED SHOULD RECEIVE FROM THE PEST CONTROL FIRM?

When a pesticide is applied, or at the time a customer enters into a contract with a licensed firm for pest control, the customer must receive the following written information: 1) Name of licensee; 2) Maryland pesticide business license number; 3) Licensee telephone number; 4) Maryland Poison Center telephone number; 5) Common name or active ingredient of pesticide product applied; and 6) One of the following - a copy of the pesticide label; a copy of a portion of the pesticide label containing precautionary statements and environmental hazards; or a document compiled by the licensee that contains appropriate health, safety, and environmental hazard information taken from the pesticide label and approved by this Department.

6. ARE PESTICIDE APPLICATIONS SAFE?

Pesticides, to be effective, are toxic to plants or animals and vary in range of toxicity to humans. The degree of hazard to humans or pets can be reduced if pesticides are applied according to label directions and if the appropriate precautions are followed by the applicator and the customer.

7. HOW CAN I MINIMIZE EXPOSURE TO PESTICIDE APPLICATIONS?

Remove all toys, pet items and lawn furniture from the area to be treated. Close windows. Keep adults, children and pets away from treated areas. Do not stand downwind during or immediately after application of the pesticide. The customer should read the information discussed in question 5. and follow the precautionary statements or health and safety information provided about the pesticide applied to the property.

8. WHAT IF I HAVE A QUESTION OR A PROBLEM?

The Maryland Department of Agriculture, Pesticide Regulation Section, regulates the use of pesticides in Maryland. Pesticides must be applied according to label directions by licensed pesticide firms and under the supervision of certified pesticide applicators. If you suspect that your applicator is unlicensed, or that a pesticide misuse has occurred, contact the Pesticide Regulation Section to request an investigation. Call or write the Maryland Department of Agriculture, Pesticide Regulation Section, 50 Harry S Truman Parkway, Annapolis, Maryland 21401, 410/841-5710.

If you have any questions concerning a pesticide or its application, you can contact:
