Certified Applicator: : Vince Hipp, Certified Applicator ID#: 25869

*In case of emergency: National Capital Poison Center, (800) 222-1222*

District of Columbia law requires that you be given the following information: Notice of Pesticide Application: CAUTION – PESTICIDES MAY CONTAIN TOXIC CHEMICALS. Companies that apply pesticides are licensed and regulated by the District Department of the Environment (DDOE). The United States Environmental Protection Agency and DDOE approve pesticides for use. At your request, the company conducting your pest control will provide you with either or both of the Safety Data Sheet(s) or the pesticide label(s), both of which provide further information about the approved uses of and recommended precautions for the pesticide being applied on your property. Neither of these documents is guaranteed to list every danger associated with a pesticide. DDOE maintains a list of pesticides that present a reduced risk to humans and the environment and encourages the use of such pesticides whenever possible. The pesticide company has not chosen to apply reduced-risk pesticide(s). The District of Columbia government encourages the use of non-chemical and reduced-risk methods of pest control by residents and commercial pest control companies. Even when using reduced-risk pesticides, residents should familiarize themselves with safety information for pesticide products and should avoid exposure to pesticides.

## New Hampshire

119 A Walnut Street, Rochester, NH 03867, (603) 332-1246, License # 0830  
 Certified Applicator: Andrew Knight, License #

Vegetation Control - 4	8/10, 8/31	M, O, 9, 29
Vegetation Control - 5	9/21, 10/12	9, 29
Winterizer - Integrated	10/20, 11/10	9

Most dates represent the beginning of a 21-day treatment period; Red Thread, Dollar Spot, Leaf Spot, Patch Disease, Integrated Advantage and Integrated Advantage Plus have 21 day treatment periods. If your treatment is not performed in the first date period indicated, it will be done in the next available period, in the order indicated. The ingredients listed may be used separately or in combination, dependent weather, season, or severity of the pest problem. If we select an ingredient other than indicated above, we will notify you. Each approximate and alternate date applies to every year that the contract is in effect.

### **Approximate Treatment Dates in NY for Suffolk County**

Application Name	Dates	Codes

**Treatment Product Codes in CT, MD, NJ & RI \***

\*Rhode Island Dept. of Environmental Management requires us to provide you with this information Regarding pesticide applications. Please contact (401) 294-6397, Exeter branch, with any questions or concerns. Product labels and SDS sheets are available upon request.

1st Application - Integrated	B, C, X, 9
2nd Application - Integrated	G, 2, 3, 27
3rd Application - Integrated	A, H, J, S, Y, 27
4th Application - Integrated	A, J, 2, 3, 5, 26
5th Application - Integrated	A, J, 6, 9
Active Grub Fall	23
Armyworm Treatment	26, 27
Bed & Border Weed Control - Early Spring & Early Spring Solo	C, G, P, R, 29
Bed & Border Weed Control - Spring, Spring Solo, Late Spring, Late Spring Solo, Summer, Summer Solo, Late Summer, Late Summer Solo, Fall & Fall Solo	G, M, O, P, R, 9, 29
Dollar Spot Treatment - 1, 3, 5 & 7	11
Dollar Spot Treatment - 2, 4, 6 & 8	18
Grub Solo Treatment	19
Grub Treatment	19
Home Shield - Early Spring	33, 36
Home Shield - Spring	33, 36
Home Shield - Late Spring	33, 36
Home Shield - Summer	33, 36
Home Shield - Late Summer	33, 36
Home Shield - Fall	33, 36
Integrated Advantage 1 (April)	B, C, X, 9
Integrated Advantage 2 (May)	A, G, 2, 3, 27
Integrated Advantage 3 (June)	A, D, L, Y, 19,
Integrated Advantage 4 (July)	A, D, L, Y,
Integrated Advantage 5 (August)	D, J, L, 2, 3, 26
Integrated Advantage 7 (Oct)	J, 9, 26
Integrated Advantage 8 (Nov)	9
Integrated Advantage Plus 1 (April)	B, C, X, 9, 11
Integrated Advantage Plus 2 (May)	A, G, 2, 3, 16, 27
Integrated Advantage Plus 3 (June)	A, D, L, Y, 11, 13, 19
Integrated Advantage Plus 4 (July)	A, D, L, Y, 18
Integrated Advantage Plus 5 (August)	D, J, L, 2, 3, 11, 13, 26

Integrated Advantage Plus 7 (Oct)	J, 9, 16, 26
Integrated Advantage Plus 8 (Nov)	9, 11, 13
Japanese Stiltgrass Treatment - 1	B
Japanese Stiltgrass Treatment - 2 & 3	A, J
Leaf Spot Treatment - 1, 3 & 5	11
Leaf Spot Treatment - 2, 4 & 6	13
Patch Disease Treatment - 1	11
Patch Disease Treatment - 2	16
Patch Disease Treatment - 3	11, 13
Patch Disease Treatment - 4	15, 18
Patch Disease Treatment - 5	11, 13
Patch Disease Treatment - 6	16
Pythium/Curative	17
Red Thread Treatment - 1, 3, 5 & 7	11
Red Thread Treatment - 2, 4, 6 & 8	13
Sedge Treatment - 1, 2 3 & 4	D, I, L
Special Weed Treatment - Fall	J, Y, 9
Special Weed Treatment - Spring	A, J, 2, 3, 5, 7, 9
Special Weed Treatment - Summer	A, J, Y, 7, 15
TR-1 (Tenacity Renovation 1)	7
TR-2 (Tenacity Renovation 2)	7
TR-4 (Tenacity Renovation 4)	7
Vegetation Control - 1, 2, 3, 4 & 5	O, M, 9, 29
Winterizer - Integrated	9

Most dates represent the beginning of a 21-day treatment period; Red Thread, Dollar Spot, Leaf Spot, Patch Disease, Integrated Advantage and Integrated Advantage Plus have 14 day treatment periods. If your treatment is not performed in the first date period indicated, it will be done in the next available period, in the order indicated. The ingredients listed may be used separately or in combination, depending upon weather, season, or severity of the pest problem. If we select an ingredient other than indicated above, we will notify you. Each approximate and alternate date applies to every year that the contract is in effect.

**Specific Product and Target Information for  
Washington, D.C.**

Application	Product Code	Target Pest(s)
1st Application - Integrated	B, C, X, 9	Crabgrass and various weeds
2nd Application - Integrated	G, 2, 3, 27	Crabgrass and various weeds
3rd Application - Integrated	A, H, J, S, Y, 27	Various weeds and insects
4th Application - Integrated	A, J, 2, 3, 5, 26	Various weeds and insects
5th Application - Integrated	A, J, 6, 9	Various weeds and insects
Active Grub Fall	23	White Grubs
Armyworm Treatment	26, 27	Armyworm
Bed & Border Weed Control - Early Spring & Early Spring Solo	C, G, P, R, 29	Various grassy and broadleaf weeds
Bed & Border Weed Control - Spring, Spring Solo, Late Spring, Late Spring Solo, Summer, Summer Solo, Late Summer, Late Summer Solo, Fall & Fall Solo	G, M, O, P, R, 9, 29	Various grassy and broadleaf weeds
Dollar Spot Treatment - 1, 3, 5 & 7	11	Dollar Spot
Dollar Spot Treatment - 2, 4, 6 & 8	18	Dollar Spot
Grub Solo Treatment	19	White Grubs
Grub Treatment	19	White Grubs
Integrated Advantage 1 (April)	B, C, X, 9	Crabgrass and various weeds
Integrated Advantage 2 (May)	A, G, 2, 3, 27	Crabgrass and various weeds
Integrated Advantage 3 (June)	A, D, L, Y, 19,	Various weeds and insects
Integrated Advantage 4 (July)	A, D, L, Y,	Various weeds and insects
Integrated Advantage 5 (August)	D, J, L, 2, 3, 26	Various weeds and insects
Integrated Advantage 7 (Oct)	J, 9, 26	Various weeds and insects
Integrated Advantage 8 (Nov)	9	Various weeds
Integrated Advantage Plus 1 (April)	B, C, X, 9, 11	Crabgrass, various weeds & turf diseases
Integrated Advantage Plus 2 (May)	A, G, 2, 3, 16, 27	Crabgrass, various weeds, insects, and turf diseases
Integrated Advantage Plus 3 (June)	A, D, L, Y, 11, 13, 19	Various weeds, insects and turf diseases
Integrated Advantage Plus 4 (July)	A, D, L, Y, 18	Various weeds, insects and turf diseases
Integrated Advantage Plus 5 (August)	D, J, L, 2, 3, 11, 13, 26	Various weeds, insects and turf diseases

Integrated Advantage Plus 7 (Oct)	J, 9, 16, 26	Various weeds, insects and turf diseases
Integrated Advantage Plus 8 (Nov)	9, 11, 13	Various weeds and turf diseases
Japanese Stiltgrass Treatment - 1	B	Japanese Stiltgrass
Japanese Stiltgrass Treatment - 2 & 3	A, J	Japanese Stiltgrass
Leaf Spot Treatment - 1, 3 & 5	11	Leaf Spot
Leaf Spot Treatment - 2, 4 & 6	13	Leaf Spot
Patch Disease Treatment - 1	11	Various turf diseases such as Brown Patch & Summer Patch
Patch Disease Treatment - 2	16	Various turf diseases such as Brown Patch & Summer Patch
Patch Disease Treatment - 3	11, 13	Various turf diseases such as Brown Patch & Summer Patch
Patch Disease Treatment - 4	15, 18	Various turf diseases such as Brown Patch & Summer Patch
Patch Disease Treatment - 5	11, 13	Various turf diseases such as Brown Patch & Summer Patch
Patch Disease Treatment - 6	16	Various turf diseases such as Brown Patch & Summer Patch
Pythium/Curative	17	Pythium
Red Thread Treatment - 1, 3, 5 & 7	11	Red Thread
Red Thread Treatment - 2, 4, 6 & 8	13	Red Thread
Sedge Treatment - 1, 2 3 & 4	D, I, L	Yellow Nutsedge & Kyllinga
Special Weed Treatment - Fall	J, Y, 9	Various weeds
Special Weed Treatment - Spring	A, J, 2, 3, 5, 7, 9	Various weeds
Special Weed Treatment - Summer	A, J, Y, 7, 15	Various weeds
TR-1 (Tenacity Renovation 1)	7	Bentgrass, nimblewill, and various grassy weeds
TR-2 (Tenacity Renovation 2)	7	Bentgrass, nimblewill, and various grassy weeds
TR-4 (Tenacity Renovation 4)	7	Bentgrass, nimblewill, and various grassy weeds
Vegetation Control - 1, 2, 3, 4 & 5	O, M, 9, 29	Unwanted vegetation
Winterizer - Integrated	9	Broadleaf weeds

### **Treatment Product Codes in Vermont**

The Vermont Agency of Agriculture Food and Markets requires us to provide you with this information regarding pesticide applications. Please contact (802) 862-0302 (Burlington Office) or (802) 244-5100 (Stowe Office) with any questions or concerns.

Application Name	Product Name	EPA #	Proposed Rate/1,000 sq. ft.
1st Application - Integrated	Barricade 0.42% Plus fertilizer	60063-42-91636	5#
	Barricade 4FL	100-1139	0.46 oz.
	Defendor	62719-560	0.09 oz.

<p>When multiple products are listed, products may be used alone or in combination. Actual products used will be indicated on the door hanger left at time of treatment. Labels, SDS, and any EPA Fact Sheets for the products used are available upon request.</p>			

The ingredients listed may be used separately or in combination, depending upon weather, season, or severity of the pest problem. If we select an ingredient other than indicated above, we will notify you.

INGREDIENT CODE A - Acclaim Extra, ACTIVE INGREDIENTS: fenoxaprop-p-ethyl:(+)-ethyl 2-[4-[(6-chloro-2 benzoxazolyl) oxy] phenoxy]propanoate ....6.59%, INERT INGREDIENTS....93.41%, TOTAL....100.00%. EPA Reg. No. 432-950. KEEP OUT OF REACH OF CHILDREN. IN CASE OF MEDICAL, ENVIRONMENTAL, OR TRANSPORTATION EMERGENCIES OR INJURIES, CALL 1-800-334-7577 (24 HOURS/DAY). FOR PRODUCT INFORMATION, CALL TOLL-FREE: 1-800-331-2867. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor, IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not apply when weather conditions favor runoff or drift. Do not contaminate arable land and/or water when disposing of equipment washwaters, DIRECTIONS FOR USE: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application, NONAGRICULTURAL USE REQUIREMENTS: Keep unprotected persons out of treated areas until sprays have dried. BAYER ENVIRONMENTAL SCIENCE, 2 T. W. Alexander Drive, Research Triangle Park, NC 27709, www.bayerprocentral.com.

INGREDIENT CODE B – Prodiamine 0.42% Plus Fertilizer, ACTIVE INGREDIENTS: Phenylenediamine, EPA Reg. No. 60063-43-91636. KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor immediately for advice. IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse

immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move victim to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor immediately for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or when going for you may also call 1-800-424-9300 CHEMTREC for transport. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Causes moderate eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Prolonged or frequently repeated skin contact while handling the material may cause allergic reactions in some individuals. ENVIRONMENTAL HAZARDS: This product has low solubility in water. At the limits of solubility, this product is not toxic to fish. However, at concentrations above the level of water solubility, it may be toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent sites. IF MATERIAL IS SPILLED: Contain and sweep up material of spill for disposal or use per label instructions. Wash cleanup equipment to prevent contamination elsewhere. Excess quantities above normal application rates could result in damage to plants subject to spill. Water-in remainder, disc under, cover with layer of soil, or leave exposed to sunlight, as deemed appropriate to the situation. Manufactured for & Distributed By: SynaTek, LP 737 Hagey Center Drive – Unit A Souderton PA 18964-24.

INGREDIENT CODE C - Barricade 4FL, ACTIVE INGREDIENTS: Prodiamine, 40.7%, Other Ingredients, 59.3%, EPA Reg. No. 100-1139. KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: May be harmful if swallowed, absorbed through skin, or inhaled. Avoid breathing vapor. Avoid contact with skin, eyes, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious or convulsing person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. HOT LINE NUMBER: For 24 Hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident) call 1-800-888-8372, ENVIRONMENTAL HAZARDS: This product has low solubility in water. At the limit of solubility, this product is not toxic to fish. However, at concentrations substantially above the level of water solubility, it may be toxic to fish. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff from treated areas may be hazardous to aquatic organisms in adjacent sites. Do not contaminate water when disposing of equipment wash water. Manufactured By: Syngenta; Syngenta U.S., P.O Box 8353 Wilmington, DE 19803-8353.

INGREDIENT CODE D – Celero, ACTIVE INGREDIENTS: Imazosulfuron...Other ingredients. EPA Reg. No. 59639-155. KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if swallowed, absorbed through skin or inhaled. Avoid contact with skin, eyes or clothing. Causes moderate eye irritation. Avoid breathing dust. FIRST AID: IF INHALED: Move person to fresh air. If person is not breathing call 911 or an ambulance. Then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice. IF IN EYES: Hold

eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 800-892-0099 for emergency medical treatment information. ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by disposing of equipment washwaters or rinsate. Surface Water Advisory: Mazosulfuron and its degradates may impact surface water quality through spray and runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. Imazosulfuron and degradates are classified as having high potential for reaching surface water via runoff for several months or more after application. A level, well maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of imazosulfuron and degradates from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall is forecast to occur within 48 hours. DIRECTIONS FOR USE: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to State or Tribe, consult the agency responsible for pesticide regulation. Manufactured by: Valent U.S.A. Corporation. Always check with your state to verify registration status or call 800-89-VALENT (898-2536).

INGREDIENT CODE E – Certainty – EPA Reg. No. 59639-226, ACTIVE INGREDIENT: Sulfosulfuron. PRECAUTIONARY STATEMENTS: Hazards to Humans & Domestic Animals. Keep out of reach of children. CAUTION: CAUSES MODERATE EYE IRRITATION. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. In case of emergency involving this product, Call, day or night, 800-892-0099. This product is identified as Certainty Turf Herbicide, EPA Reg. No. 59639-226. Environmental Hazards: This chemical demonstrates the properties and characteristics associated with chemicals detected in ground water. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in ground water contamination. This pesticide is highly toxic to non-target plants. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to plants in neighboring areas. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. The use of any pesticide in a manner that may kill or otherwise harm an endangered species or adversely modify their habitat is a violation of Federal Laws. Packed For: Valent U.S.A. Corporation P.O. Box 8025, Walnut Creek, CA 94596-8025.

INGREDIENT CODE G – Dimension 2EW, ACTIVE INGREDIENTS: Dithiopyr:s,s-dimethyl 2-(difluoromethyl)-4-(2-methylpropyl)-6-(trifluoromethyl)-3,5-pyridinedicarbothioate. EPA Reg. No. 62719-542. Warning: Causes Skin irritation. Causes moderate eye irritation. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Do not get on skin or on clothing. Avoid contact with eyes. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for further treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-992-5994 day or night. Keep unprotected persons out of treated area until sprays have dried. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and highly toxic

to other aquatic organisms including oyster and shrimp. Use with care when applying to turf areas adjacent to any body of water. Drift and runoff from treated turf may be hazardous to aquatic organisms in water adjacent to treated areas. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. Do not apply when weather conditions favor drift from treated areas, Produced for Dow AgroSciences LLC, 9330 Zionsville, Indianapolis, IN, 46268.

INGREDIENT CODE H – Drive XLR8, ACTIVE INGREDIENTS: DIMETHYLAMINE SALT OF QUINCLORAC: 3,7-DICHLORO-8-QUINOLINECARBOXYLIC ACID. EPA Reg. No. 7969-272. KEEP OUT REACH OF CHILDREN. CAUTION/PRECAUTION. In case of an emergency endangering life or property involving this product, call day or night 1-800-832-HELP(4357). FIRST AID: IF SWALLOWED: Call a physician or Poison Control Center for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or physician. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or physician for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a Poison Control Center or physician for further treatment advice. PRECAUTIONARY STATEMENTS, Hazards to Humans and Domestic Animals. CAUTION: Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. ENVIRONMENTAL HAZARDS: This chemical has properties and characteristics associated with groundwater. The use of this chemical where soils are permeable, particularly where the water table is shallow may result in groundwater contamination. Keep out of lakes, ponds, and streams. DO NOT apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. DO NOT contaminate water by cleaning of equipment or disposal of rinsate. DO NOT enter or allow others to enter the treated area until sprays have dried. BASF Corporation, 26 Davis Drive, Research Triangle Park, NC 27709

INGREDIENT CODE I – Empero, ACTIVE INGREDIENT: Halosulfuron-methyl, EPA Reg. No. 91234-31. CAUTION: KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Remove visible particles from mouth. Have person rinse mouth thoroughly with water, spit out rinse water. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. ENVIRONMENTAL HAZARDS: This product is toxic to non-target vascular plants. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Halosulfuron-methyl is known to leach through soil into ground water under certain conditions as a result of label use. This chemical may leach into ground water if used in areas where soils are permeable, particularly where the water table is shallow. MANUFACTURED FOR: Atticus, LLC, 5000 CentreGreen Way Suite 100, Cary, NC 27513

INGREDIENT CODE J - Pylex, ACTIVE INGREDIENT: Topramezone: {3-(4,5-dihydroisoxazolyl)-2-methyl-4-(methylsulfonyl)phenyl}{5-hydroxy-1-methyl-1H-pyrazol-4-yl)methanone. EPA Reg. No. 7969-327. KEEP OUT OF REACH OF CHILDREN. CAUTION: In case of an emergency endangering life or property involving this product, call day or night 1-800-832-HELP(4357). FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off

contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor for further treatment advice. Have a person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. DO NOT give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact BASF Corporation for emergency medical treatment information: 1-800-832-HELP (4357). PRECAUTIONARY STATEMENTS: HAZARDOUS TO HUMAN AND DOMESTIC ANIMALS. CAUTION: Harmful if absorbed through skin. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wear long-sleeved shirt and long pants, socks, shoes, and gloves. Wear protective eyewear. DIRECTIONS FOR USE: DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation. NONAGRICULTURAL USE REQUIREMENTS: DO NOT enter or allow people or pets to enter the treated area until sprays have dried. DO NOT apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. IN CASE OF EMERGENCY: In case of large-scale spill of this product, call: CHEMTREC- 1-800-424-9300, BASF Corporation- 1-800-832-HELP (4357). In case of medical emergency regarding this product, call: Your local doctor for immediate treatment, your local poison control center (hospital), BASF Corporation- 1-800-832-HELP (4357).

INGREDIENT CODE L – Vexis, Herbicide. ACTIVE INGREDIENTS: Pyrimisulfan, EPA Reg. No. 2217-1024. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwaters or rinsate. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. REENTRY STATEMENT: Do not enter or allow people (or pets) to enter the treated area until dust has settled. Manufactured by: PBI/Gordon Corporation, P.O. Box 860350, Shawnee, Kansas 66286. PBI@GordonTurf.com

INGREDIENT CODE M - ENVOY PLUS - ACTIVE INGREDIENTS: Clethodim & Other ingredients. EPA Reg. No. 59639-132. KEEP OUT OF REACH OF CHILDREN. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS & DOMESTIC ANIMALS. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Harmful if swallowed. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a Poison Control Center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center for further advice. HOT LINE NUMBER – Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-892-0099 for emergency treatment information. ENVIRONMENTAL HAZARDS: Do not apply directly to water or to areas where surface water is present. Do not apply to intertidal areas below the mean high-water mark. Do not apply where runoff is likely to occur. Do not apply where weather conditions favor drift from

areas treated. Do not contaminate water by cleaning of equipment or disposal of equipment washwaters or rinsate. Manufactured for: Valent U.S.A. Corporation.

**INGREDIENT CODE N** – Gallery 75 DF, **ACTIVE INGREDIENTS:** isoxaben: N-[3-(1-ethyl-1-methylpropyl)-5-isoxazolyl]-2, 6-dimethoxybenzamide and isomers...75%, Other Ingredients...25%. EPA Reg. No. 62719-145. **KEEP OUT OF REACH OF CHILDREN, CAUTION.. CAUTION: CAUSES EYE IRRITATION, HARMFUL IF INHALED:** Avoid ingestion, breathing dust or spray mist, and contact with skin, eyes, or clothing. In case of emergency endangering health or the environment involving this product, call 1-800-992-5994. **FIRST AID: IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. **HOTLINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-992-5994 for emergency medical treatment information. **NON-AGRIDULTURAL USE REQUIREMENTS:** The requirements of this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. **ENTRY RESTRICTIONS FOR NON-WPS USES:** When this product is applied to turf and ornamental plantings in landscape setting and non-cropland areas, do not allow entry into treated areas until sprays have dried unless wearing coveralls, waterproof gloves, and shoes plus socks.

**INGREDIENT CODE O** – Reward, Landscape and aquatic herbicide – **ACTIVE INGREDIENT:** Diquat dibromide. **KEEP OUT OF REACH OF CHILDREN.** EPA Reg.No. 100-1091. **FIRST AID: IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance: then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **PRECAUTIONARY STATEMENTS:** Hazards to humans and Domestic Animals. **CAUTION:** Harmful if inhaled. Harmful if swallowed. Causes moderate eye irritation. Avoid breathing spray mist. Avoid contact with eyes, skin or clothing. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to aquatic invertebrates. **FOR TERRESTRIAL USES:** Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water. **FOR AQUATIC USES:** Do not apply directly to water except as specified on this label. **MANUFACTURED FOR:** Syngenta Crop Protection, LLC  
P.O. Box 18300 Greensboro, North Carolina 27419-8300.

**INGREDIENT CODE P** - Snapshot 2.5TG – **ACTIVE INGREDIENTS:** Trifluralin & Isoxaben. EPA Reg.No. 62719-175. **KEEP OUT OF REACH OF CHILDREN.** Causes moderate eye irritation Harmful if swallowed or inhaled. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid breathing dust or spray mist and contact with eyes or clothing. Wash thoroughly with soap and water after handling. **FIRST AID: IF INHALED:** Move person to

fresh air. If person is not breathing, call 911 or an ambulance: then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-992-5994 for emergency medical treatment information. ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to freshwater marine and estuarine fish and aquatic invertebrates including shrimp and oyster. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not apply in a manner which will directly expose canals, lakes, streams, ponds, marshes, or estuaries to aerial drift. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. Manufactured By Dow AgroSciences LLC. 9330 Zionsville Road, Indianapolis, IN 46268.

INGREDIENT CODE Q – Spect(i)cle. ACTIVE INGREDIENT: Indaziflam. EPA REG. NO. 432-1608. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish, aquatic invertebrates and plants. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment rinsate or washwaters. This product may enter water through spray drift or runoff. Follow directions for use to avoid spray drift and runoff. A level well maintained vegetative buffer strip between areas to which this product is applied and surface water features including ponds, streams, and springs will reduce the potential for getting into water from rainfall-runoff. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours. This product may enter through spray drift. Follow precautions for us to avoid spray drift. Keep unprotected persons out of the treated areas until sprays have dried. Produced for Bayer Environmental Science A Division of Bayer CropScience LP. 2 T.W. Alexander Drive, Research Triangle Park, NC 27709.

INGREDIENT CODE R – Sureguard Herbicide, ACTIVE INGREDIENTS: Flumioxazin...51%, Other Ingredients...49%, EPA Reg. No. 59639-120. KEEP OUT OF REACH OF CHILDREN, CAUTION. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if inhaled or absorbed through the skin. Causes moderate eye irritation. Avoid breathing dust and spray mist. Avoid contact with skin, eyes, or clothing. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. HOT LINE NUMBER: Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 800-892-0099 for emergency medical treatment information. NON-AGRICULTURAL USE REQUIREMENTS: The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides. (40 CFR part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. Keep all unprotected persons out of operating areas, or vicinity where there may be drift. Do not enter or allow others to enter treated areas until sprays have dried.

INGREDIENT CODE S – 4 Speed XT, ACTIVE INGREDIENTS: ISOOCTYL ESTER OF 2,4-DICHLOROPHENOXYACETIC ACID – TRICLOPYR: Oxyacetic acid, butoxyethyl ester – Dicamba Acid – Pyraflufen ethyl – OTHER Ingredients. EPA Reg.No.228-590. KEEP OUT OF REACH OF CHILDREN. CAUTION. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-877-325-1840 for emergency medical treatment information. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. This product may contaminate water through drift or spray in wind or via runoff events. Use care when applying in areas adjacent to any body of water. To prevent contamination of the environment, do not apply near water, storm drains, gutters or ditches. Do not apply when rain is predicted for that day or when wind is strong enough to carry spray away from treatment area. Rinse applicator equipment over the lawn or garden area that was treated, and away from water, storm drains, gutters or ditches. DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. READ ENTIRE LABEL BEFORE USING THIS PRODUCT. USE STRICTLY IN ACCORDANCE WITH LABEL PRECAUTIONARY STATEMENTS AND DIRECTIONS. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation. For Chemical Spill, Leak, Fire or exposure, call CHEMTREC (800)325-1840. Manufactured for: Nufarm Americas Inc.

INGREDIENT CODE T – Arkon – ACTIVE INGREDIENT: Pyrimisulfan – EPA Reg.No. 2217-1072. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Remove and wash contaminated clothing before reuse. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. ENVIRONMENTAL HAZARDS: Do not apply to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment washwater or rinsate. MANUFACTURED BY: PBI/ GORDON CORPORATION, P.O. BOX 860350 SHAWNEE, KS 66286. PBIGORDONTURF.COM

INGREDIENT CODE U – AVENUE SOUTH – ACTIVE INGREDIENTS: 2,4-D, dimethylamine salt, Dicamba, dimethylamine salt, Penoxsulam, Sulfentrazone. KEEP OUT OF REACH OF CHILDREN. EPA Reg.No. 2217-966. PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals. CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN

EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater. MANUFACTURED BY: PBI/GORDON CORPORATION. P.O. BOX 860350, SHAWNEE, KANSAS, 66286. PBIgordonTurf.com

Ingredient Code V – Celsius. ACTIVE INGREDIENT: Thiencarbazone-methyl, Iodosulfuron-methyl-sodium-Dicamba. EPA Reg. No. 432-1507. CAUTION: KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. PRECAUTIONARY STATEMENTS: HAZARDOUS TO HUMAN AND DOMESTIC ANIMALS, CAUTION:

Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using the toilet or using tobacco. ENVIRONMENTAL HAZARDS: This product is toxic to non-target plants. Non-Target plants may be adversely affected if the product is allowed to drift from the areas of application. Avoid spray drift from treated areas. Do not apply when conditions favor drift from treated areas. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwater or rinsate. Do not drain or rinse equipment near desirable vegetation. This product may impact surface water quality due to runoff or rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having “high potential for reaching surface water via runoff,” according to the chemicals “mean” soil partition coefficient (kd) for several days after application. A level well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of this herbicide from runoff water and sediment. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours. Some of the chemicals in this product have properties and characteristics associated with chemicals detected in ground water. These chemicals may leach into ground water if used in areas where soils are permeable, particularly where the water table is shallow. Produced For: Bayer Environmental Science A Division of Bayer CropScience LP. 2 T.W. Alexander Drive, Research Triangle Park, NC 27709.

INGREDIENT CODE W – Change Up – ACTIVE INGREDIENTS: Dimethylamine Salt of 2-Methyl-4-Chlorophenoxyacetic Acid\*, Dicamba. KEEP OUT OF REACH OF CHILDREN. EPA Reg.No. 228-445. FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish, aquatic invertebrates and aquatic plants. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean highwater mark. Do not contaminate water when disposing of equipment washwater or by avoiding applications where rainfall is forecasted to occur within 48 hours. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas

where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. MANUFACTURED FOR: Nufarm Americans Inc. 11901 S.Austin Ave., Alsip, IL 60803

INGREDIENT CODE X - Defendor, ACTIVE INGREDIENT: Florasulam: N-(2,6-difluorophenyl)-8-fluoro-5-methoxy(1,2,4)triazolo(1,5-c)pyrimidine-2-sulfonamide..4.84%, Other Ingredients...95.16%. EPA Reg. No. 62719-560. PRECAUTIONARY STATEMENTS: HAZARDOUS TO HUMAN AND DOMESTIC ANIMALS, CAUTION: Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. FIRST AID: If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinsate. Directions for Use: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read all Directions for Use carefully before applying. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation. Produced For: Dow AgroSciences LLC, 9330 Zionsville Road, Indianapolis, IN 46268.

INGREDIENT CODE Y - Powerzone, ACTIVE INGREDIENTS: Carfentrazone-ethyl, 0.48%, MCPA, 2-ethylhexyl ester, 41.98%, Mecroprop-p acid, 5.39%, Dicamba acid, 2.69%, INERT INGREDIENTS, 49.46%. EPA Reg. No. 2217-834. KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for treatment advice., Have the product container or label with you when calling a poison control center or doctor or going for treatment., NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia. PERSONAL HYGIENE STATEMENT FOR NON-WPS USES: Wash thoroughly with soap and water after handling. USER SAFETY INFORMATION: USERS SHOULD: Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing. ENVIRONMENTAL HAZARDS: Carfentrazone-ethyl is very toxic to algae and moderately toxic to fish. This product is toxic to aquatic invertebrates. Drift or runoff may adversely affect aquatic invertebrates and nontarget plants. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. Manufactured By: PBI/Gordon Corporation, 1217 W 12th Street, Kansas City, MO 64101.

INGREDIENT CODE 1 - Q-Ball - ACTIVE INGREDIENTS: Dimethylamine salt of quinclorac & Other ingredients. EPA Reg. No. 228-744. KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. HOT LINE NUMBER: Have the product container or label with you when calling a poison

control center or doctor or going for treatment. You may also contact 1-877-325-1840 for emergency medical treatment information. PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals. Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse. ENVIRONMENTAL HAZARDS: This chemical has properties and characteristics associated with chemicals detected in groundwater. This chemical may leach into groundwater if used in areas where soils are permeable, particularly where the water table is shallow. Keep out of lakes, ponds, and streams. DO NOT apply directly to waters, to areas where surface water is present, or to intertidal areas below the mean high-water mark. NO NOT contaminate water by cleaning of equipment or disposal of rinsate. Manufactured For Nufarm Americas Inc.

INGREDIENT CODE 2 - QuickSilver ACTIVE INGREDIENTS: Carfentrazone-ethyl. EPA Reg. No. 279-3265. KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything to an unconscious person. IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, and then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-331-3148 for emergency medical treatment information. PRECAUTIONARY STATEMENTS – HAZARDS TO HUMANS (AND DOMESTIC ANIMALS) CAUTION: harmful if swallowed, absorbed through the skin or inhaled. Causes moderate eye irritation. Avoid breathing spray mist. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. ENVIRONMENTAL HAZARDS: QuickSilver T&O Herbicide is very toxic to algae and moderately toxic to fish. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean watermark, except as specified on this label. Do not contaminate water when disposing of equipment washwaters. FMC Corporation, 2929 Walnut Street, Philadelphia PA, 19104.

INGREDIENT CODE 3 - Speedzone. ACTIVE INGREDIENTS: Carfentrazone-ethyl...0.62% 2,4-D,2-ethylhexyl ester...28.57%, Mecoprop-p acid...5.88%, Dicamba acid...1.71%, Inert Ingredients...63.22%. EPA Reg. No. 2217-833. KEEP OUT OF REACH OF CHILDREN. PRECAUTIONARY STATEMENTS: HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Causes moderate eye irritation. Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. First Aid: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth to mouth, if possible. Call a poison control center for further advice. Have a product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment information. NOTE TO PHYSICIAN: Contains petroleum distillates-vomiting may cause aspiration pneumonia. ENVIRONMENTAL HAZARDS: Carfentrazone is very toxic to algae and moderately toxic to fish. This product is toxic to invertebrates. Drift or runoff may adversely affect aquatic invertebrates and non-target plants. Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. DIRECTIONS FOR USE: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. NON-AGRICULTURAL USE

REQUIREMENTS: Reentry Statement: Do not allow people (other than applicator) or pets on treatment area during application. Do not enter treatment areas until sprays have dried. PBI GORDON CORPORATION, 1217 West 12th Street, Kansas City, Missouri 64101. [www.pbigordon.com](http://www.pbigordon.com).

INGREDIENT 4 – SpeedZone Southern – ACTIVE INGREDIENTS: 2,4-D, 2-ethylhexyl ester, Dichloroprop-p, 2-ethylhexyl ester, Dicamba acid, Carfentrazone-ethyl, and other ingredients. EPA Reg. No.2217-1031. PRECAUTIONARY STATEMENTS: HAZARDOUS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. FIRST AID: IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or going for treatment. You may also contact 1-877-800-5556 for emergency medical treatment information. NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. GROUNDWATER ADVISORY: This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or groundwater. MANUFACTURED BY: PBI/GORDON CORPORATION. P.O. BOX 860350, SHAWNEE, KANSAS 66286. [PBIgordonTurf.com](http://PBIgordonTurf.com)

INGREDIENT CODE 5 – SurePower, ACTIVE INGREDIENTS: Isooctyl (2-ethylhexyl) Ester of 2,4-D\*...36.33%, Butoxyethyl Ester of Triclopyr\*\*...3.63%, 1-Methylheptyl Ester of Fluroxypyr\*\*\*...3.63%, Flumioxazin\*\*\*\*...0.22%, Other Ingredients: 56.19%. DO NOT SELL, DISTRIBUTE OR USE THIS PRODUCT IN NASSAU AND SUFFOLK COUNTIES IN NEW YORK. KEEP OUT OF REACH OF CHILDREN, CAUTION. EPA Reg. No. 228-741. FIRST AID: IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or going for treatment. You may also contact 1-877-325-1840 for emergency medical treatment information. For Chemical Spill, Leak, Fire, or Exposure, Call CHEMTREC(800)424-9300. ENVIRONMENTAL HAZARDS: This product is toxic to fish, aquatic invertebrates, and non-target plants. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treatment areas. Do not contaminate water when disposing of equipment wash waters or rinsate. NON-AGRICULTURAL USE REQUIREMENTS: The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. Do not enter or allow people (or pets) to enter the treated area until sprays have dried.

INGREDIENT CODE 6 - T-Zone SP, ACTIVE INGREDIENTS: Triclopyr BEE, butoxyethyl ester, Sulfentrazone, 2,4-D, 2-ethylhexyl ester, Dicamba acid. EPA Reg. No. 2217-976. KEEP OUT OF REACH OF CHILDREN. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. FIRST AID: IF SWALLOWED: Call a

poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-877-800-5556 for emergency medical information. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. DIRECTIONS FOR USE: Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation. NON-AGRICULTURAL USE REQUIREMENTS: Reentry Statement: Do not enter or allow people (or pets) to enter the treated area until sprays have dried. Manufactured By: PBI/GORDON CORPORATION.

INGREDIENT CODE 7 - Tenacity, ACTIVE INGREDIENTS: Mesotrione\*40.0% Other Ingredients 60%. (CAS No. 104206-82-8). EPA Reg. No. 100-1267. KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS. Hazards to Humans and Domestic Animals, CAUTION: Harmful if absorbed through skin. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contact with skin, eyes, or clothing. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For 24 hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident), Call 1-800-888-8372. ENVIRONMENTAL HAZARDS: Do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or rinsate. SURFACE WATER ADVISORY: This product may contaminate water through drift of spray in wind. This product has a high potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. A level, well maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential for contamination of water from runoff. Runoff of this product will be reduced by avoiding applications when rainfall is forecasted to occur within 48 hours. Sound erosion control practices will reduce this product's contribution to surface water contamination. Manufactured For: Syngenta Crop Protection, LLC P.O. Box 18300, Greensboro, North Carolina 27419-8300.

INGREDIENT CODE 8 – Trimec 1000 – ACTIVE INGREDIENTS: 2,4-d, DIETHANOLAMINE SALT, 2,4-D DIMETHYLAMINE SALT, MCPP-P, DIMETHYLAMINE SALT, DICAMBA, DIMETHYLAMINE SALT. EPA Reg. No. 2217-931. KEEP OUT OF REACH OF CHILDREN. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target plants. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment wash waters or rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of the chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Application around a cistern or well may result in contamination of drinking water or ground water. Manufactured by PBI/GORDON CORPORATION 1217 WEST 12th Street, Kansas City, Missouri, 64101. WWW.PBIGORDON.COM

INGREDIENT CODE 9 - Turflon Ester Ultra, ACTIVE INGREDIENTS: Triclopyr: 3, 5, 6-trichloro-2-pyridinyloxyacetic acid, butoxyethyl ester. EPA Reg. No. 62719-5661. KEEP OUT OF REACH OF CHILDREN. PRECAUTIONARY STATEMENTS: HAZARDOUS TO HUMAN AND DOMESTIC ANIMALS, CAUTION: Causes moderate eye irritation. Harmful if swallowed. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Avoid contact with skin, eyes or clothing. Wear gloves and protective clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes and then continue rinsing. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Immediately call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-992-5994 for emergency medical treatment information. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment wash waters. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of the chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Produced For: Dow AgroSciences LLC.

INGREDIENT CODE 11 - Banner Maxx II, ACTIVE INGREDIENTS: Propiconazole\*...14.3%, Other Ingredients...85.7%, Banner MAXX II contains a nominal 1.3 pounds of active ingredient per gallon. EPA Reg. No. 100-1326. KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. HOT LINE NUMBER: 1-800-888-8372. ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply directly to water, or areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash water or rinsate. Manufactured For: Syngenta Crop Protection, Inc.

INGREDIENT CODE 12 - Headway G - ACTIVE INGREDIENT: Azoxystrobin, Propiconazole, Other Ingredients. EPA Reg.No. 100-1378. CAUTION: KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably by mouth-to-mouth, if possible. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. HOT LINE NUMBER: For 24-hour Medical Emergency assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident). Call 1-800-888-8372 PRECAUTIONARY STATEMENT: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: Causes moderate eye irritation, Harmful if swallowed. Harmful if absorbed through skin. Harmful if inhaled. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating,

drinking, chewing gum, using tobacco, or using the toilet. MANUFACTURED FOR: Syngenta Crop Protection, LLC. P.O. BOX 18300, GREENSBORO, NC 27419-8300

INGREDIENT CODE 13 - Heritage DG, ACTIVE INGREDIENTS: Azoxystrobin: methyl(2-(2-(6-(2-cyanophenoxy)pyrimidin-4-yloxy)phenyl)-3-methoxyacrylate\* 50%, OTHER INGREDIENTS: 50%. EPA Reg. No. 100-1093. KEEP OUT OF REACH OF CHILDREN, : HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: HARMFUL IF ABSORBED THROUGH SKIN. CAUSES MODERATE EYE IRRITATION. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. FIRST AID: IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. HOTLINE NUMBER: For 24 Hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire or Accident) Call 1-800-888-8372. ENVIRONMENTAL HAZARDS: The active ingredient azoxystrobin, in this product can be persistent for several months or longer. Azoxystrobin has degradation products which have properties similar to chemicals which are known to leach through soil to ground water under certain conditions as a result of agricultural use. Use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in ground water contamination. This pesticide is toxic to freshwater and estuarine/marine fish and aquatic invertebrates. Do not apply directly to water except as specified on this label. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwater or rinsate. Notify state and/or federal authorities and Syngenta immediately if you observe any adverse environmental effects due to use of this product. GENERAL INFORMATION: Heritage is a broad spectrum, preventative fungicide with systemic and curative properties recommended for the control of many important plant diseases. Heritage may be applied as a foliar spray in alternating spray programs or in tank mixes with other registered crop protection products. All applications should be made according to the use directions that follow. GENERAL USE PRECAUTIONS: Do not graze or feed clippings from treated turf areas to animals. Do not plant the following crops for a period of 12 months (unless an azoxystrobin product is registered for use on that crop): sorghum, barley, buckwheat, millet, oats, rye, wild rice, non-grass animal feeds (alfalfa, clover), sugarcane, triticale and wheat. A plantback interval (PBI) of 36 days is required for Leafy Vegetables (Except Brassica) group: Brassica, Leafy Greens subgroup; Vegetables, Root subgroup; Vegetable (Tuberous and Corn) subgroup; and Vegetables, Leaves of Root Tuber group. Azoxystrobin is registered for use on all other rotated crops and all other crops may be planted immediately after the last treatment. Manufactured For: Syngenta Crop Protection, Inc. P.O. Box 18300, Greensboro, North Carolina 27419-8300.

INGREDIENT CODE 14 - Heritage G, ACTIVE INGREDIENTS: Azoxystrobin: methyl(E)-2-(2-(6-(2-cyanophenoxy)pyrimidin-4-yloxy)phenyl)-3-methoxyacrylate\* 0.31%, Other Ingredients: 99.69%. KEEP OUT OF REACH OF CHILDREN, CAUTION. EPA Reg. No. 100-1323, EPA Est 9198-AL-1. FIRST AID: IF SWALLOWED: Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration preferably by mouth-to-mouth, if possible. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. HOTLINE NUMBER: For 24 Hour Medical Emergency Assistance (human or animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident) Call 1-800-888-8372. PRECAUTIONARY STATEMENTS: Hazards to Humans and Domestic Animals CAUTION: Harmful if swallowed.

Harmful if absorbed through skin. Harmful if inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. ENVIRONMENTAL HAZARDS: The active ingredient, azoxystrobin, in this product can be persistent for several months or longer. Azoxystrobin has degradation products which have properties similar to chemicals which are known to leach through soil to ground water under certain conditions as a result of agricultural use. Use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in ground water contamination. This pesticide is toxic to freshwater and estuarine/marine fresh and aquatic invertebrates. Do not apply directly to water except as specified on this label. For terrestrial uses do not apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. Drift and runoff may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment wash water or rinsate. Notify state and/or federal authorities and Syngenta immediately if you observe any adverse environmental effects due to use of this product. DIRECTIONS FOR USE: It is a violation of Federal law to use this product in a manner inconsistent with its labeling. FAILURE TO FOLLOW THE USE DIRECTIONS AND PRECAUTIONS ON THIS LABEL MAY RESULT IN PLANT INJURY OR POOR DISEASE CONTROL. Do not apply this product in a way that will contact workers or any other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation. NON-AGRICULTURAL USES: For use to control disease on turf on golf courses, lawns and landscape areas around residential, institutional, public, commercial and industrial buildings, parks, recreations areas and athletic fields. NON-AGRICULTURAL USE REQUIREMENTS: The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. The area being treated must be vacated by unprotected persons. Do not treat areas while unprotected humans or domestic animals are present in the treatment areas. Because certain states may require more restrictive reentry intervals, consult your State Department of Agriculture for further information. Do not allow entry into treatment area until area that was treated with Heritage G is dry. For non-emergency (e.g., current product information), call Syngenta Crop Protection at 1-800-334-948. Manufactured for: Syngenta Crop Protection, Inc. P.O. Box 18300 Greensboro, North Carolina, 27419-8300

INGREDIENT CODE 15 - Insignia SC, ACTIVE INGREDIENTS: pyraclostrobin: (carbamic acid.[2-[[[1-(4-chlorophenyl)-1H-pyrazol-3-yl]oxy]methyl]phenyl]methoxy-.methyl ester)...23.3%, Other Ingredients...76.7%. EPA Reg. No. 7969-290. KEEP OUT OF REACH OF CHILDREN, WARNING. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. WARNING: May be fatal if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by the poison control center or doctor. DO NOT give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue to rinse eyes. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. HOTLINE NUMBER: Have product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact BASF Corporation for emergency medical treatment information at 1-800-832-HELP (4357). IN CASE OF EMERGENCY: In case of large-scale spillage regarding this product, call: CHEMTREC 1-800-424-9300, BASF Corporation 1-800-832-HELP (4357). In case of medical emergency regarding this product, call: Your local doctor for immediate treatment, your local poison control center (hospital), BASF Corporation 1-800-832-HELP (4357). PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS: WARNING: May be fatal if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. NON-AGRICULTURAL USE REQUIREMENTS: The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard

for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. Do not enter or allow others to enter treated areas until sprays have dried.

**INGREDIENT 16 – Pillar SC – ACTIVE INGREDIENT:** Triciconazole, Pyraclostrobin & Other Ingredients, EPA Reg.No. 7969-480. **KEEP OUT OF REACH OF CHILDREN. FIRST AID:** IF IN EYES: Hold Eye open and rinse slowly and gently with water for 15-20 minutes. Remove Contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor for treatment advice. Have a person sip a glass of water if able to swallow. DO NOT induce vomiting unless told to do so by a poison control center or doctor. DO NOT give anything by mouth to an unconscious person. **PRECAUTIONARY STATEMENT: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. WARNING:** May be fatal if swallowed. Harmful if inhaled. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Avoid breathing (dust, vapor, or spray mist). Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish and aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. DO NOT apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. DO NOT contaminate water when disposing of equipment washwater or rinsate. This product may impact surface water quality because of runoff of rainwater. This is especially true for poorly draining soils and soils with shallow groundwater. BASF Corporation, 26 Davis Drive, Research Triangle Park, NC 27709

**INGREDIENT CODE 17 – Subdue GR, ACTIVE INGREDIENTS:** Mefenoxam & Other Ingredients, EPA Reg. No. 100-794. **KEEP OUT OF REACH OF CHILDREN. FIRST AID:** IF IN EYES: Hold Eye open and rinse slowly and gently with water for 15-20 minutes. Remove Contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **HOT LINE NUMBER:** For 24-hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire, or Accident), Call 1-800-888-8372. **PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION:** Causes moderate eye irritation. Harmful if inhaled or absorbed through skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. **ENVIRONMENTAL HAZARDS:** Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment wash water. **GROUNDWATER ADVISORY STATEMENT:** Mefenoxam is known to leach through soil into groundwater under certain conditions as a result of label use. This chemical may leach into groundwater if used in areas where soils are permeable particularly where the water table is shallow. Manufactured For: Syngenta Crop Protection, LLC. P.O. Box 18300, Greensboro, North Carolina 27419-8300. SCP 794B-L2J 0313

**INGREDIENT CODE 18 – Xzemplar, ACTIVE INGREDIENTS: ACTIVE INGREDIENT:** fluxapyroxad\*: 1H-Pyrazole-4-carboxamide, 3-(difluoromethyl)-1-methyl-N-(3',4'-trifluoro (1,1'-biphenyl)-2-yl)- 26.55%, Other Ingredients 73.45%. EPA Reg No 7969-349. **KEEP OUT OF REACH OF CHILDREN, CAUTION/PRECUACION.** In case of an emergency endangering life or property involving this product, call day or night 1-800-832-HELP (4357). **FIRST AID:** IF SWALLOWED: Call a physician or Poison Control Center for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control

Center or physician. Do not give anything by mouth to an unconscious person. **HOTLINE NUMBER:** Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact BASF Corporation for emergency medical treatment information: 1-800-832-HELP (4357). **PRECAUTIONARY STATEMENTS:** Hazards to Humans and Domestic Animals. **CAUTION.** Harmful if swallowed. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to fish. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. **DO NOT** apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. **DO NOT** contaminate water when disposing of equipment washwaters or rinsate. This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow groundwater. **DIRECTIONS FOR USE:** It is a violation of federal law to use this product in a manner inconsistent with its labeling. **DO NOT** apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your state or tribe, consult the agency responsible for pesticide regulation. **NONAGRICULTURAL USE REQUIREMENTS:** The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, nurseries, or greenhouses. **DO NOT** enter or allow others to enter treated areas until sprays have dried. **IN CASE OF EMERGENCY:** In case of large-scale spillage regarding this product, call: CHEMTREC 1-800-424-9300, BASF Corporation 1-800-832-HELP (4357). In case of medical emergency regarding this product, call: Your local doctor for immediate treatment. Your local poison control center (hospital). BASF Corporation, 1-800-832-HELP (4357). Steps to be taken in case material is released or spilled: In case of spill on floor or paved surfaces, mop and remove to chemical waste storage unit, proper disposal can be made if product cannot be used according to label. Dike and contain the spill with inert material (sand, earth, etc.) and transfer liquid and soil dike material to separate containers for disposal. Remove contaminated clothing and wash affected skin areas with soap and water. Wash clothing before reuse. Keep the spill out of all sewers and open bodies of water. **Manufactured By:** BASF Corporation, 26 Davis Drive, Research Triangle Park NC 27709

**INGREDIENT CODE 19 - Acelepryn, ACTIVE INGREDIENTS:** Chlorantraniliprole\* 3-Bromo-N-[4-chloro-2-methyl-6-[(methylamino)carbonylphenyl]-1-(3-chloro-2-pyridinyl)-1H-pyrazole-5-carboxamide 18.4%. Inert Ingredients-81.6%. EPA Reg. No. 100-1489. **KEEP OUT OF REACH OF CHILDREN.** **FIRST AID:** For questions regarding emergency medical treatment, you may contact 1-800-441-3637 for information. When used as directed this product does not present a hazard to humans or domestic animals. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to aquatic invertebrates, oysters and shrimp. Do not apply directly to water. Drift or runoff may be hazardous to aquatic organisms in water adjacent to use sites. **DIRECTIONS FOR USE:** Not for use on plants being grown for sale or other commercial use, or for commercial seed production. **NON AGRICULTURAL USE REQUIREMENTS:** Professional applicators to golf courses, residential, industrial and commercial lawns and sports fields are not within the scope of the Worker Protection Standard. Do not enter or allow others to enter the treated area until sprays have dried. E.I du Pont de Nemours and Company, 1007 Market Street, Wilmington, Delaware 19898

**INGREDIENT CODE 20 – Acelepryn G, ACTIVE INGREDIENTS:** Chlorantraniliprole, Other Ingredients. EPA REG.NO. 100-1500, **KEEP OUT OF REACH OF CHILDREN.** **FIRST AID:** **HOT LINE NUMBER:** For 24-Hour Medical Emergency Assistance (Human or Animal) or Chemical Emergency Assistance (Spill, Leak, Fire or Accident) Call 1-800-888-8372. **PRECAUTIONARY STATEMENTS:** Hazards to humans and domestic animals. When used as directed, this product does not present a hazard to humans or domestic animals. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to aquatic invertebrates, oysters and shrimp. Do not apply directly to water. Drift and runoff may be hazardous to aquatic organisms in water adjacent to use sites. **SURFACE WATER ADVISORY:** This product may impact surface water quality due to runoff of rain water. This is especially true for poorly draining soils and soils with shallow ground water. This product is classified as having a high potential for reaching surface water via runoff for several months or more after application. A level, well-maintained vegetative buffer strip between areas to which this product is applied and surface water features such as ponds, streams, and springs will reduce the potential loading of chlorantraniliprole from runoff water and sediment. Runoff of this product will be

reduced by avoiding applications when rainfall is forecasted to occur within 48 hours. **GROUND WATER ADVISORY:** This chemical has properties and characteristics associated with chemicals detected in ground water. This chemical may leach into ground water if used in areas where soils are permeable, particularly where the water table is shallow. **DIRECTIONS FOR USE:** It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Read and understand the entire label before using this product. Must be used only in accordance with specifications on this label or in separate Syngenta supplemental labeling that may be made temporarily available through local distributors, as a result of new EPA approvals, Syngenta will not be responsible for losses or damages resulting from the use of this product in any manner not specifically stated on this label or other labels or bulletins published by Syngenta. User assumes all risks associated with such non-specified use. For non-emergency (e.g., current product information), call Syngenta Crop Protection at 1-800-334-9481. Manufactured for: Syngenta Crop Protection, LLC.

**INGREDIENT CODE 22– Arena 0.25G Insecticide. ACTIVE INGREDIENTS:** Clothianidin. EPA Reg. No. 59639-157. **KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS:** HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if swallowed, absorbed through skin or inhaled. CAUSES MODERATE EYE IRRITATION. Avoid contact with eyes or clothing. Avoid breathing spray mist. Wash thoroughly with soap and water after handling. **FIRST AID: IF SWALLOWED:** Call a physician or Poison Control Center for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or physician. Do not give anything by mouth to an unconscious person. Quick treatment is essential to counteract poisoning and should be initiated before signs and symptoms of injury appear. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a Poison Control Center or physician for further treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or physician for treatment advice. Have the product container or label with you when calling a poison control center or physician, or going for treatment. You may also contact 800-892-0099 for emergency medical treatment information. **ENVIRONMENTAL HAZARDS:** This pesticide is toxic to aquatic invertebrates. Drift and runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not apply where runoff is likely to occur. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment wash waters or rinsate. This product is toxic to bees exposed to direct treatment or residues on blooming crops. Do not apply during bloom or when bees are present. Manufactured for Valent U.S.A. Corporation. P.O. Box 8025, Walnut Creek CA 94596-8025. Made in U.S.A.

**INGREDIENT CODE 23 - Dylox 6.2. ACTIVE INGREDIENTS:** Trichlorfon, Dimethyl (2,2,2-trichloro-1-hydroxy-ethyl)phosphonate 6.2%, Inert Ingredients 93.8%. EPA Reg. No. 432-1308. **KEEP OUT OF REACH OF CHILDREN, PRECAUTIONARY STATEMENTS:** HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if swallowed. Causes moderate eye irritation. Do not take internally. Do not breathe dust. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some people. **FIRST AID:** Contains an organophosphate that inhibits cholinesterase. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person. **IF IN EYES:** Hold eye open and rinse slowly and gently with water 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. The Bayer Environmental Science Emergency Response Telephone No. is 1-800-334-7577. **NOTE TO PHYSICIAN:** Prolonged exposure will cause cholinesterase depression. Atropine sulphate is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine. **ENVIRONMENTAL HAZARDS:** This product is toxic to fish, birds, and wildlife. Do not apply directly to water, or to areas where surface

water is present or to intertidal areas below the mean high water mark. Avoid run-off or puddling or irrigation water following application. Post-application watering-in required (is-mandatory) for all uses. Manufactured by: Bayer Environmental Science.

INGREDIENT CODE 25 – Merit 2F, ACTIVE INGREDIENTS: Imidacloprid & Other Ingredients. EPA Reg.No. 432-1312, CAUTION: KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue to rinse eye. Call a poison control center or doctor for treatment advice. HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling. Keep children or pets off treated area until spray is dry. ENVIRONMENTAL HAZARDS: This product is highly toxic to aquatic invertebrates. Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. This product is highly toxic to bees exposed to direct treatment on residues on blooming crops/plants or weeds. Do not apply this product or allow it to drift to blooming crops/plants or weeds if bees are foraging the treatment area. This chemical demonstrates the properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. PRODUCED FOR: Bayer Environmental Science A Division of Bayer CropScience LP  
2 T.W. Alexander Drive, Research Triangle Park, NC 27709

INGREDIENT CODE 26 - Talstar P, ACTIVE INGREDIENTS: Bifenthrin\*...7.9%. Other Ingredients...92.1%, EPA Reg. No. 279-3206. KEEP OUT OF REACH OF CHILDREN, FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue to rinse eye. Call a poison control center or doctor for treatment advice. HOTLINE NUMBER: Have product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-(800)-331-3148 for Emergency Assistance. NOTE TO PHYSICIAN: This product is a pyrethroid. If large amounts have been ingested, the stomach and intestine should be evacuated. Treatment is symptomatic and supportive. Digestible fats, oils or alcohol may increase absorption and so should be avoided. For Information Regarding the Use of this Product Call 1-800-321-1FMC (1362). ENVIRONMENTAL HAZARDS: This product is highly toxic to bees exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow to drift to blooming crops if bees are visiting the treatment area. DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in manner inconsistent with its labeling. Do not apply a broadcast application to interior surfaces or homes. Do not apply by air. Do not apply in plant nurseries. Do not apply this product through any kind of irrigation system. Not for use on sod farm turf, golf course turf, or grass grown for seed. NON AGRICULTURAL USE REQUIREMENTS: Do not allow people or pets on treated surfaces until the spray area has dried. FMC Corporation, Agricultural Products Group, 1735 Market Street, Philadelphia 19103.

INGREDIENT CODE 27 – Talstar Xtra, ACTIVE INGREDIENTS: Zeta-Cypermethrin\* 0.05%, Bifenthrin\*\*0.20%, Other Ingredients 99.75%. EPA Reg No. 279-3343, EPA Est 279-IL-1, KEEP

OUT OF REACH OF CHILDREN, CAUTION. FIRST AID: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye. Call poison control center or doctor for treatment advice. HOTLINE NUMBER: Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1(800)-331-3148 for Emergency Assistance. NOTE TO PHYSICIAN: This product is a pyrethroid. If large amounts have been ingested, the stomach and intestine should be evacuated. Treatment is symptomatic and supportive. Digestible fats, oils or alcohol may increase absorption and so should be avoided. PRECAUTIONARY STATEMENTS: Hazards to Human (and Domestic Animals) CAUTION: Harmful if swallowed. Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear long-sleeved shirt and long pants, socks shoes and gloves. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. ENVIRONMENTAL HAZARDS: This pesticide is extremely toxic to fish, aquatic invertebrates, oysters and shrimp. Do not apply directly to water or to areas where surface water is present or to intertidal areas before the mean high water mark. Do not apply when weather conditions favor drift from treated areas. Drift and run-off from treated areas may be hazardous to aquatic organisms in neighboring areas. Do not contaminate water when disposing of equipment washwaters or rinsate. DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. Not for use on plants being grown for sale of other commercial use, or for commercial seed production, or for research purposes. Not for use on golf courses, sod farms, nurseries, in commercial greenhouses or on grass grown for seed. For use on plants intended for aesthetic purposes or climate modification and being grown in interior plantscapes, ornamental gardens or parks, or lawns or grounds. Also, for use as a perimeter or spot treatment to control pests, outdoors, including areas surrounding residential, institutional, public, commercial and industrial buildings. Do not apply more than 0.25 lb. active ingredient (ai.) per acre (2.3 lbs granules per 1000 sq. ft.) per application on residential use sites (i.e., around private homes, apartment buildings, condominiums, non-agricultural outbuildings, non-commercial greenhouses, pre-schools or day care facilities). May be applied at up to 0.50 lb. ai. per acre (4.6 lbs granules per 1000 sq. ft.) per application on non-residential use sites (i.e., around institutional, public, commercial or industrial buildings; parks; recreational areas or athletic fields). Do not broadcast apply more than 0.5 lb. ai. per acre (4.6 lbs per 100 sq. ft.) per year. Manufactured By: FMC Corporation, 1735 Market Street, Agricultural Products Group, Philadelphia PA 19103

INGREDIENT CODE 28 – Top Choice – ACTIVE INGREDIENTS: Ipronil. EPA Reg. No. 432-1217. CAUTION: KEEP OUT OF REACH OF CHILDREN, FIRST AID: IF SWALLOWED: Call a physician or Poison Control Center for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or physician. Do not give anything by mouth to an unconscious person. Quick treatment is essential to counteract poisoning and should be initiated before signs and symptoms of injury appear. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS, CAUTION: Harmful if absorbed through skin. CAUSES MODERATE EYE IRRITATION. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. ENVIRONMENTAL HAZARDS: This pesticide is toxic to birds, fish, aquatic invertebrates and estuarine (tidewater dwelling) invertebrates. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Cover, incorporate or clean up granules that are spilled. Do not contaminate water when disposing of equipment wash waters or rinsate. Do not apply within 15 feet of bodies of fresh water: lakes, reservoirs, rivers, permanent streams, marshes, natural ponds, and commercial fishponds. A 15 feet buffer or uniform groundcover must exist between application zone and bodies of freshwater (uniform ground cover is defined as land which supports vegetation or greater than 2 inches throughout). Do not apply within 60 feet of estuarine bodies of water. Estuarine water bodies are

brackish, tidal water such as bays, mouths of rivers, salt marshes, and lagoons. In order to reduce risk to birds, ensure that the application is spread evenly over the treatment area. Manufactured for Bayer.

INGREDIENT CODE 29 – Finale XL T & O – ACTIVE INGREDIENTS: Glufosinate-ammonium & Other Ingredients. EPA Reg. No. 7969-464. CAUTION: KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. WARNING: Causes substantial but temporary eye injury. Harmful if absorbed through skin. Harmful if swallowed. DO NOT get in eyes, on skin, or in clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using toilet. Remove and wash contaminated clothing before reuse. ENVIRONMENTAL HAZARDS: DO NOT apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high-water mark. DO NOT contaminate water when disposing of equipment washwater or rinsate. Glufosinate-ammonium and its degradates have properties and characteristics associated with chemicals detected in groundwater. This chemical may leach into groundwater if used in areas where soils are permeable, particularly where the water table is shallow. BASF Corporation, 26 Davis Drive, Research Triangle Park, NC 27709

INGREDIENT CODE 30 – GARLON 4 ULTRA – ACTIVE INGREDIENTS: triclopyr. EPA Reg. No. 62719-527. CAUTION: Keep Out of Reach of Children. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. ENVIRONMENTAL HAZARDS: This pesticide is toxic to Fish. Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Do not contaminate water when disposing of equipment wash waters or rinsate. This chemical has properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Produced for Dow AgroSciences LLC. 9330 Zionsville Road, Indianapolis, IN 46268.

INGREDIENT CODE 31 – Pathfinder II, ACTIVE INGREDIENTS: triclopyr: 3,5,6-trichloro-2-pyridinyloxyacetic acid, butoxyethyl ester. ...12.6%, Other Ingredients: 86.4%. CAUTION. EPA Reg. No. 62719-176. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-992-5994 for emergency medical treatment information. NON-AGRICULTURAL USE REQUIREMENTS: The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides. (40 CFR part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries, or greenhouses. ENTRY RESTRICTIONS FOR NON-WPS USES: Do not enter or allow others to enter the treated area until sprays have dried.

INGREDIENT CODE 38 – FERTILIZER WITH BARRICADE 0.3% - ACTIVE

INGREDIENTS: Prodiamine & Other Ingredients. EPA Reg. No. 52287-20. CAUTION: KEEP OUT OF REACH OF CHILDREN. FIRST AID: IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have a person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. Have the product container or label with you when calling a poison control center or doctor or going for treatment. IF ON SKIN: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center, or doctor, or when going for treatment. PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. CAUTION: Causes moderate eye injury (irritation). Harmful if inhaled or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Avoid breathing dust. Wash thoroughly with soap and water after handling. Prolonged or frequent repeated skin contact while handling the material may cause allergic reactions in some individuals. ENVIRONMENTAL HAZARDS: This product has low solubility in water. At limits of solubility, this product is not toxic to fish. However, at concentrations above the level of water solubility, it may be toxic to fish. AQUATIC ORGANISM ADVISORY STATEMENT: Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high-water mark. Drift and runoff from treated area may be hazardous to aquatic organisms in adjacent sites. Do not contaminate water when disposing of equipment wash water. NON-TARGET ORGANISM ADVISORY STATEMENT: This product is toxic to plants and may adversely impact the forage and habitat of non-target organisms, including pollinators, in areas adjacent to the treated site. Protect the forage and habitat of non-target organisms by following label directions intended to minimize spray drift. MANUFACTURED AND GUARANTEED BY: Harrell's, LLC P.O. BOX 807, LAKELAND, FL 33802

### **Consumer Information Regarding Tree, Shrub and Lawn Care Pesticide Applications**

The use of pesticides is regulated by the Maryland Department of Agriculture. All commercial pesticide businesses and public agencies that apply pesticides must satisfy certain requirements of the Regulations pertaining to the Pesticide Applicators Law. Some of those requirements are discussed below.

This consumer information sheet answers commonly asked questions about applications of pesticides for tree, shrub and lawn pest control.

#### **1. WHAT ARE PESTICIDES?**

A pesticide is any substance used to control pests. The pests may include insects (controlled by insecticides), weeds (controlled by herbicides), and fungi (controlled by fungicides).

#### **2. IS A LICENSE REQUIRED TO APPLY PESTICIDES?**

Yes. Each firm that applies any pesticide for hire is required to obtain a pesticide business license from the Maryland Department of Agriculture. A license is obtained by completing an application, paying a fee, submitting proof of liability insurance and employing at least one certified pesticide applicator who has demonstrated competence in the use of pesticides.

#### **3. CAN I BE NOTIFIED BY THE FIRM PRIOR TO A PESTICIDE APPLICATION TO MY PROPERTY?**

Yes. Upon the customer's request, the pest control firm is required to give the customer advance notice of a pesticide application. In addition, individuals who have registered with the Maryland Department of Agriculture as a pesticide sensitive individual, or a person who submits a physician's certificate indicating that he or she should not be exposed to a pesticide because of a current diagnosed condition or ailment, may receive advance notice of tree and lawn pesticide applications to neighboring properties.

#### **4. MUST A SIGN BE POSTED ON MY PROPERTY?**

Yes. After a pesticide has been applied to a lawn or to exterior landscape plants, the pest control firm must post a standardized sign at one or more specific locations on the property. The customer is requested to keep the sign in place for 48 hours after the application. Signs are not required for fertilizer applications.

#### **5. WHAT INFORMATION ABOUT THE PESTICIDES APPLIED SHOULD I RECEIVE FROM THE PEST CONTROL FIRM?**

When a pesticide is applied, or at the time a customer enters into a contract with a licensed firm for pest control, the customer must receive the following written information: 1) Name of

licensee; 2) Maryland pesticide business license number; 3) Licensee telephone number; 4) Maryland Poison Center telephone number; 5) Common name or active ingredient of pesticide product applied; and 6) One of the following - a copy of the pesticide label; a copy of a portion of the pesticide label containing precautionary statements and environmental hazards; or a document compiled by the licensee that contains appropriate health, safety, and environmental hazard information taken from the pesticide label and approved by this Department.

#### **6. ARE PESTICIDE APPLICATIONS SAFE?**

Pesticides, to be effective, are toxic to plants or animals and vary in range of toxicity to humans. The degree of hazard to humans or pets can be reduced if pesticides are applied according to label directions and if the appropriate precautions are followed by the applicator and the customer.

#### **7. HOW CAN I MINIMIZE EXPOSURE TO PESTICIDE APPLICATIONS?**

Remove all toys, pet items and lawn furniture from the area to be treated. Close windows. Keep adults, children and pets away from treated areas. Do not stand downwind during or immediately after application of the pesticide. The customer should read the information discussed in question 5 and follow the precautionary statements or health and safety information provided about the pesticide applied to the property.

#### **8. WHAT IF I HAVE A QUESTION OR A PROBLEM?**

The Maryland Department of Agriculture, Pesticide Regulation Section, regulates the use of pesticides in Maryland. Pesticides must be applied according to label directions by licensed pesticide firms and under the supervision of certified pesticide applicators. If you suspect that your applicator is unlicensed, or that a pesticide misuse has occurred, contact the Pesticide Regulation Section to request an investigation. Call or write the Maryland Department of Agriculture, Pesticide Regulation Section, 50 Harry S Truman Parkway, Annapolis, Maryland 21401, 410-841-5710.

If you have any questions concerning a pesticide or its application, you can contact:
