

Tree Care Industry Accreditation, Credentials & Awards

Awards and Special Recognition

Each year, the Tree Care Industry Association recognizes companies that demonstrates arboricultural excellence and provide a significant contribution to the community at large. They also recognize exemplary safety records. We are very proud to have achieved several of these honors, including the TCIA Safety Award Winner for Outstanding Company Contribution and the TCIA International Excellence in Arboriculture Heritage Award.

SavATree is a licensed and accredited tree, shrub and lawn care company that has been providing landscape stewardship for over 25 years. Our team is committed to arboricultural excellence and backed by a long list of credentials. We hire top professionals with certification in the most progressive methods used to preserve the safety and health of trees. Our staff also adheres to industry best practices and safety standards. In fact SavATree has earned the Tree Care Industry Association (TCIA) accredited company seal—for adhering to quality service, business ethics and customer satisfaction. Hire us with confidence!

Tree Care Industry Association (TCIA) Accreditation

Tree care industry companies that have earned the TCIA accredited company seal can be hired with confidence. SavATree is very proud to be distinguished as the first company in the U.S. to receive multi-state TCIA accreditation for all of its branch locations throughout the Northeast and Mid-Atlantic regions. TCIA accreditation means SavATree adheres to all accreditation standards in every branch. SavATree undergoes a yearly continuous audit process to uphold their accreditation. The annual analysis ensures that the company still has the required number of certified arborists on staff, is properly insured and has maintained a good safety and consumer satisfaction rating.

Affiliations and Industry Standards

Service quality and professionalism can also be measured by a company's affiliations with associations that set the standard of excellence for their industry. SavATree and SavaLawn are active members of many reputable organizations. We also follow operational guidelines and strictly adhere to tree care safety standards outlined by the American National Standards Institute's A300 document.

Certified Arborists on Staff

Wisconsin Arborist Association

Maryland Arborist Association

Local, state and national CAI members

State and Industry Certification

SavATree employs arborists who are certified by the International Society of Arboriculture (ISA), including Board Certified Master Arborists. In addition, they hold Connecticut, New Jersey Tree Expert, Maryland Tree Expert (#1833) and Massachusetts state certifications and/or lawn and tree care licenses where applicable. TCIA Certified Tree Care Safety Professionals are also on staff.

Green Credentials

SavATree proudly provides stewardship for over 26,000 properties throughout the Northeast, Mid-Atlantic and Mid-West regions, promoting a sustainable landscape and the unique relationship between people and their surroundings. As a premier tree, shrub and lawn care company we enhance and preserve resident, business and community properties, providing clients with expertise in arboriculture and green program options to help them maintain a healthy, safe and beautiful landscape.

Environmental Policy

Our commitment to the environment is evident in our philosophy and approach to responsible tree, shrub and lawn care:

- Consider environmental impacts in all aspects of our business
- Strive to continually improve environmental performance through product evaluations, monitoring, review of procedures and employee and client input
- Seek to prevent pollution before it is produced, reduce amount of waste and emissions
- Adhere to Integrated Pest Management (IPM) procedures and promote cultural, biological and organic program options
- Manage land, water, and timber resources in an environmentally sensitive manner
- Use energy efficiently throughout our operation
- Re-use and recycle whenever possible
- Use environmentally sensitive materials
- Comply with all local, state and federal laws
- Communicate information on environmental performance and the operation of our Environmental Management System (EMS) with the community, our employees and our clients.
