

Services for Property Managers

Tree, Shrub & Lawn Care Experts with Experience Solving Challenges Unique to Property Managers

As a property manager, you understand the impact of a beautiful landscape and the value it adds. It's a reflection of your hard work and dedication to quality. SavATree arborists share your passion for excellence and have experience working with property managers and their in-house staff to overcome challenges, achieve landscape goals, and stay on budget.

SavATree has been providing quality and environmentally sensible tree, shrub and lawn care for over 30 years. We utilize this philosophy to design programs that help you manage the conditions that are unique to each property. SavATree services and benefits include:

- General tree care for safety, shape and structure
- Organic and hybrid tree, shrub & lawn care options
- Multi-year contracts and prioritized recommendations
- Professional crews who work unobtrusively
- Scheduling and notification service
- Tree preservation plans and inventory
- 24-hour emergency service and support
- Fully accredited, insured and licensed

At your convenience, we would be delighted to provide a complimentary examination and consultation regarding the health, safety and appearance of your property.

"We appreciate the time and attention that you and your Arbor Patrol team take to maintain the overall health and appearance of the trees, bushes and general grounds. As they say, you can only have one first impression and the impression the grounds make on both residents and visitors alike is always positive thanks to your caring maintenance. Just as the trees continue to grow and blossom under your care, we hope our relationship with SavATree does the same."
