## Commercial Tree Care and Lawn Care Services (cont.)

### Interested in Phased Work or a Multi-year Contract?

If you are involved in a restoration project or manage a property, chances are there is more work to do than budget available to do it with. Drawing up a long term strategy, taking into account safety issues, species preservation and aesthetics requires reliable professionals with vision and patience. Long term plans and contracts protect you from fly-by-night operators and assist in the budgeting process.

### Consulting Tree Care Services Are Also Available

Often times, property managers and municipalities require long-term vision and consulting as it relates to strategic growth or expansion, preservation or historical restoration. SavATree's certified arborists and tree and lawn care specialists can help you manage many aspects of long-term management of municipal and professional properties including site evaluations, project management, risk assessment and budgeting. Visit our web site for more information or to arrange a complimentary consultation from one of our industry certified arborists for commercial services from SavATree.

"SavATree has worked closely with the National Trust for Historic Preservation to save and nurture trees at our historic sites. I appreciate the professionalism and dedication of SavATree's knowledgeable arborists. Thank you for the work you have done to preserve and enhance the natural landscape of our historic sites."
